- Was helping us a lot by providing resource and also organized a great zoom session with YU alumni last Tuesday and the session was so helpful.
- Always has great contributions in interactives and discussions, and it's been great to see them more active in MMK and FF. Recently, they held a Zoom session for his peers to speak with a Year Up alumni about internships and the job search after. They are a proven leader, and is someone we can lean on for support.
